

Spring 2021

# Plants West

*Grower and broker of quality Northwest ornamentals. Specializing in field grown and container conifers, deciduous and evergreen shrubs and topiaries.*

Capture the beauty of spring with the scented flowers from Daphne Carol Mackie, Jelene Witch-hazel, lemon scented Magnolias and all the different colors of Hydrangea and Wisteria flowers. And don't forget the wonderful colors of foliage like Salix Hakura Nishiki, Hakonechloa Aureola and Abelia Kaleidoscope.

# Conifers

Take a look at our selection of ideal conifers that are sure to please. We have beautiful weeping blue atlas cedars in several sizes, gold mop cypress in #1 and #3's, Cham. Nana Gracilis 18/24" and 4/5' Cham. Gracilis. #7, 42/48" Alberta spruce and even some super nice Sugar & Spice arbs. All of these are great for smaller yards too.

## Inventory and Shipping News:

Inventory is at an all time low following the increase in sales last spring, summer and fall. Every Oregon nursery is struggling to keep up with demand for product as the Covid-19 lifestyle continues with home and landscape projects. It is my hopes that I can continue to supply you with the premium assortment and quality plants that we are known for. With that in mind, I cannot stress enough how important it is to get your complete spring order in as soon as possible. I am constantly purchasing more plants to insure everyone gets what they need so the availability list changes quickly. Please ask if you don't see what you need, chances are I have acquired it or I know where I can find it.

Shipping rates are going to be higher than last year! I hate to say it but it's a fact. We work with several freight brokers to get the best rate possible for a timely delivery but it is imperative we have your order in at least 10 days prior to shipping. Also, not to be full of bad news, but our nationwide labor shortage is causing the need for a longer lead-time to get your order ready for shipping. This means that last minute additions may not be possible, but as always I will do everything in my power to accommodate everyone's needs.

### Gratitude....

All of us at Plants West are so grateful for your continued loyalty and support over the past 25+ years. With hard work, dedicated and loyal staff and a lot of good luck, we have strived in times where other industries have not. Our appreciation runs deep. Please protect your health, safety and wellbeing and that of your family and staff during these challenging times.
