

January 2020

*Celebrating 25 Years of Excellence*

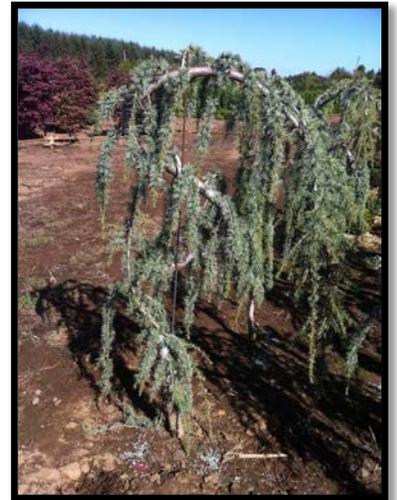

# Plants West

*Grower and broker of quality Northwest ornamentals. Specializing in field grown and container conifers, deciduous and evergreen shrubs and topiaries.*

Pallets of beautiful plants pulled for a load to PA this past fall. Be sure to order your 2, 3 and 4 ball Poodled Boxwoods now so we will have them when you need them.

Weeping Blue Atlas cedars are great again this year. Our 5/6' are the best and we even have some 6/7' too! We have a good supply of them but they sell quickly. How many do you want?

## Spring Specials

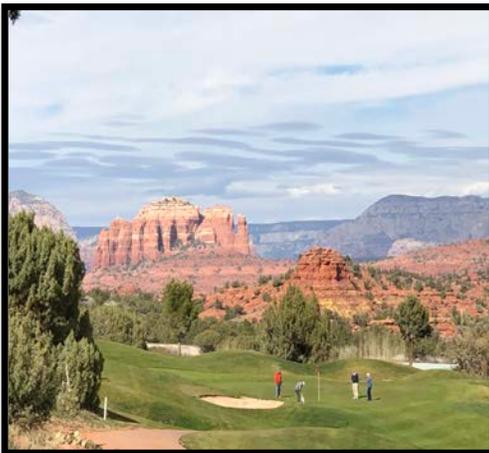

Be sure to check out the attached Spring Specials sheet for the awesome prices on these beauties, and others too! Minimum quantities required for sales prices.

Here are a few other great plants for spring 2020. We have a lot of super nice Skip Laurel available in all the desired sizes. Pictured on the left are our 5 gallons which are nice and full and a good size for retail customers. We have b&b in all sizes up to 7/8'. Next are our container grown 10 gallon Otto Luyken laurels which are great sellers and go fast. In late April we will also have some super nice 7 gallons as well so think about booking them now for April/May sales. Cryptomeria Yoshino is another great plant and we have them in a 10 gallon pot which are 4-5' or a 7 gallon which are 3-4' tall and nice. On the far right are some 10 gallon Green Giant arbs. These are 4-5' b/c, which are very nice and we have 4-5' container grown along with bigger ones up to 6/7'. Check out the extensive availability list for these items and so many more. And as we all know, inventory changes quickly so if you need something but don't see it, just ask me and I'll do my best to find it for you.

Adam and I are now in Arizona for the winter months. It is truly amazing to leave the dark rainy days in Oregon behind for the warmer drier days in the desert. We are trying to play as much golf as possible but it really ever enough? We will be at the Mants show January 8-10<sup>th</sup> so please stop by booth #924 to see the beautiful plants we shipped from our nursery in Oregon.

Above are photos from our friend and client Carrie Groves' home this fall. Note the layers of color & texture, WOWZERS! She owns Carolyn Groves Design in Portland, OR. Her extensive use of boxwoods especially Winter Gem, highlight her spectacular design talents. We are proud to be her primary supplier.
